

7th Nordic Econometric Meeting, June 17-19, 2013 at the Norwegian School of Economics (NHH), Bergen

CALL FOR PAPERS

The goal of this conference is to foster econometric research in the Nordic countries. The conference is open to both theoretical and applied econometricians of all countries working in a broad range of fields including macroeconomics, financial economics, international economics, industrial organisation, labour economics, health economics, and spatial economics. Graduate students are particularly encouraged to present their research papers. The conference programme includes parallel sessions, an invited speaker as well as one keynote speaker.

Keynote Speaker: Frank Windmeijer (University of Bristol)
“Identification of causal effects on binary outcomes”

Invited Speaker: Roger Bivand (Norwegian School of Economics)
“Spatial data, spatial economics and spatial econometrics: status and prospects”

Submission:

Submissions including title of the paper, name of the presenter and the paper in pdf-format should be sent to the email address: nem2013@nhh.no.

Deadline for submission: 15 March 2013. Notification of acceptance: 3 April 2013.

There is no conference fee. Further updates on registration, the conference programme, travel and hotel information will be announced on the conference homepage:
<http://www.nhh.no/nem2013>

Programme committee:

Henning Bunzel (Aarhus University)
David Edgerton (Lund University)
Tiiu Paas (University of Tartu)
Gunnar Rosenqvist (Hanken School of Economics)
Øivind A. Nilsen (NHH)

Local organizers:

Dagny Hanne D. Kristiansen (NHH)
Astrid Kunze (NHH)
Øivind A. Nilsen (NHH), for questions email: oivind.nilsen@nhh.no

The Meeting is arranged on behalf of the Nordic Econometric Network by the Norwegian School of Economics (NHH).
